

⚡ EVERLAST GOUGING 1250i ⚡

EVERLAST GOUGING 1250i provides customer best application with variety of submerge ARC welding, single wire, twinwire, tandem system, strip cladding with column and many other different solutions.

Type	Process	Standard Equipment
Multi Welder	SAW/MMA/Gouging	Power Source

Features

- ⚡ MCU+CPLD controlled technology, precise control, good welding performance.
- ⚡ Embedded expert program with 10 sets parameters.
- ⚡ CC/CV Power source.
- ⚡ Featured function of wire diameter selection.
- ⚡ 100% Duty cycle.
- ⚡ Digital communication between tractor and welder.

Ordering Information

ART NO: 30WM-SAW1250i

Technical Data			
Input Voltage (V)	415V	Adjustable Voltage Range (V)	22 - 44
Input Capacity (KVA)	75.7	Wire Size (MM)	1.6 - 6.0
Input Current (A)	115	Protection Class	IP21S
Duty Cycle (40°)	100% @ 1250A	Insulation Class	H
OCV (V)	92	Dimension	788*366*846
Adjustable Current Range (A)	60 - 1250	Weight (Kg)	100

Optional Accessories

Gouging Torch

Carbon Gouging Rods

Electrode Holder

Welding Cable
